MOBILE ELECTRONIC COMMERCE SYSTEM
MOBILES ELEKTRONISCHES HANDELSSYSTEM
SYSTEME DE COMMERCE ELECTRONIQUE MOBILE
PATENT ASSIGNEE:

MATSUSHITA ELECTRIC INDUSTRIAL CO., LTD, (216884), 1006, Oaza-Kadoma,
Kadoma-shi, Osaka 571-0000, (JP), (Applicant designated States: all)

INVENTOR:

TAKAYAMA, Hisashi, 21-22, Matsubara 4-chome, Setagaya-ku, Tokyo 156-0043,
(JP)

LEGAL REPRESENTATIVE:

Casalonga, Axel (14511), BUREAU D.A. CASALONGA - JOSSE Morassistrasse 8,
80469 Munchen, (DE)

PATENT (CC, No, Kind, Date): EP 950968 A1 991020 (Basic)
WO 9909502 990225

APPLICATION (CC, No, Date): EP 98937807 980813; WO 98JP3608 980813

PRIORITY (CC, No, Date): JP 97230564 970813

DESIGNATED STATES: DE; FR; GB

RELATED DIVISIONAL NUMBER(S) - PN (AN):
(EP 2004015278)

INTERNATIONAL PATENT CLASS: **G06F-017/60**

ABSTRACT WORD COUNT: 150

NOTE:

Figure number on first page: 1

LANGUAGE (Publication,Procedural,Application): English; English; Japanese

Claims

Claim

... for involvement in an ID theft-related event. For example, in cases when credit card **providers** and other **related** companies that share the personal data of credit card customers have determined that data security

...loss have been known to be offered to consumers who become victims of identity theft- **related** events, these methods **provide** consumers with a new classification of at-risk persons if there is a basis to...other contexts, the service provider may accept marketing information and advertisements for fees. [000192] A **provider** of identity-theft **related** services may **provide** a symbol, code, or other information for use by a service member ...with a residential real estate closing, and may be of interest to the real estate **purchaser**. The services **related** to identity theft may offered in connection with any other service offering a continuing service...increase in the number of instances of identity theft require a more powerful set of **tools** to respond to identity theft and other scams that is provided by a prepaid legal **service** provider and others. The types and level of services provided to assist individuals who are...services plan provided to customers of companies who engage in tasks and activities including those **related** to **purchases**, electronic **purchases**, payments, electronic payments, electronic auctions, fund transfers, receipt of cancelled checks and other transactions electronically **provided related** to **providing** legal services and ID theft prevention and recovery services. In particular, the amount and timing...be combined or coordinated with other methods described herein. [000199] The benefit for identity theft **related** services may be **provided** in any transaction. [000200] Businesses that operate websites on the internet are often victimized by ...identity theft-related standards for protecting personal information of customers, employees, and others. [000201] A **provider** of identity-theft **related** services may offer to potential business customers the option of more than one business customer...services plan provided to customers of companies who engage in tasks and activities including those **related** to **purchases**, electronic **purchases**, payments, electronic payments, electronic auctions, fund transfers, receipt of cancelled checks and other transactions electronically...those related to ID theft prevention and victim recovery services. [000215] Certain services may be **provided related** to **providing** legal services and ID theft prevention and recovery services. In particular, the amount and timing...individuals.

Online Auctions

[000221] Programs may be provided for online auctions and tasks and activities **related** to online auctions, online **purchases** and other online transactions. The transactions may involve tasks and activities that may include placing...steps to deal with the legal consequences associated with that problem and others. Online fraud **related** to auctions, **purchases** and other transactions may be reduced if legal services or membership in legal service plans...with other methods described herein. A higher level of

91

monitoring or scrutiny may be **provided** for individuals or **associated** accounts are ...a customer; for example, a health care entity, such as a health maintenance organization, may **provide** health- **related** information, for example. These methods may enable system administrators to generate fees from telemarketers and...a customer; for example, a health care entity, such as a health maintenance organization, may **provide** health- **related** information. [000236] These methods enable system administrators to generate fees from operators of various commercial...business having physical proximity to the responsive geographical information, as indicated by block 410 and **providing** an offer **associated** with the **provided** responsive geographical information and pertaining to the identified business, as indicated at block 415. This method may be **combined** with an **incentive** rewards program, with rewards provided based on interactions that may be requested by customers and...degree to which those companies respond with consistently better offers of discounts and other rewards **related** to the **purchase** of goods and/or services and other rewards. The companies may provide consideration to a...to the consumer. The advertisement may be for a product on which a companion

ill

discount is available if both products are purchased, for example. The discount may be fixed, or may involve variations, such...and/or by other means as described in prior filings with preferential access to the sales - related information and/or preferential treatment such as within stores including providing special treatment at checkout... adoption/use of preferred methods for mail, postage stamps, metered mail, postal meters and other purchase /payment processes related to mail, adoption of electronic means and other methods for transmitting, sending and/or receiving...copies of checks and other transactions may be rewarded. Customers may also be provided an incentive to simultaneously connect to a resource, such as a web site, and a telephone connection. Checks or...certain activities online, access to content online that is otherwise unavailable, discounts on products and services, and other benefits. Tools might be included within the software to activate the benefits. Other examples of products and services eligible for such preferred status might include owners of the most recent model of a...that may be derived by the implementation of celebrity-sponsored payment cards for payment card providers including increased sales and transactions related to increased payment card use, increased card account balances and fees related to those cards...as visiting a separate card-sponsored website so that a separate authorization code may be obtained. The payment authorization code related to the particular transaction may be provided to consumers, possibly directly, by email, over the...devices having such capability, and in other manners.

[000365] Any and all methods may be combined with any of the incentives described any of my above-noted co-pending applications. The methods described here may be...

Detailed Description

Detailed Description

... like to or cannot use the internet via a computer terminal.

21. Toy uses speech - **both** speech recognition, text to speech, and previously prepared speech files to communicate with user.

22...preferably a child, uses a toy to buy something. The object bought may be a **physical product**, content, **service**, etc. The buyer is a child and is legally not accountable financially. The point of...the like, biofeedback systems, preventative medicine and the like, marketing and promoting medical and health **services** and the like.

Interactive toys are equipped with **tools** for parameter measurement, as well as safety, security, and alarm systems, to enable their users... applied as a bar code scanner. Such systems allow interactive toys to interact with standard **equipment** in a retail outlet, such as a cash register. Such systems allow a toy to...and distribute revenues, commissions and other benefits between the parties involved (such as the source **vendor**, retailer, **affiliate**, advertiser, etc.) Preferably the operator aggregates micro-payments and then processes sizable transactions effectively. The...

Detailed Description

Claims

Detailed Description

... Module A) are product and service items sold in groupings established by the vendor. A **bundle** may include **product** items only, service items only, or both product and service items. Customized bundles (Module B...

...group to meet the customer's needs. Made-to-order products (Module Q are built and **services** arranged according to customer specifications. Under the system, bid requests may be constructed and processed using a variety of **tools**. Requests are multivariate as discussed above, but also may be simultaneously presented to a plurality...

Claim

... region-based suggestions.

120. The method of claim II 9 including:

providing recommendations to said **purchaser** on a plurality of items **related** to said selected item based on said customer profile.

121. The method of claim IO...

...and region-based suggestions.

124. The method of claim 123 including:

providing recommendations to said **purchaser** on a plurality of items **related** to said selected item based on said customer profile.

125. The method of claim I...The method of claim 146 including:

said vendor memory comprising a plurality of sets of **vendor**-defined features, each

said set **associated** with one of said plurality of vendors, and

receiving at predetermined intervals from each of said plurality of

vendors an updated set of **vendor**-defined features for updating said

associated set of **vendor**-defined features.

149. The method of claim 140 including:

sending said request to a plurality...

...15'). The method of claim 140 including? said collection consisting of (a) basic items including **services**, products and preset bundles, (b)
